Achievement

With a streamlined and audacious design, the SLR82-14 is part of the latest generation of SADEV gearbox that combine experience and new technologies.

Our design and manufacturing tools allow a size optimization, increased robustness and reduced weight. And as a race car is constantly changing and improving, the SLR82-14 must be in phase advance, offering the integrated semi-automatic shifting and can handle turbocharged engine torque.

Sadev

Performance, quality and reliability are the values on which SADEV based its reputation.

For nearly four decades, SADEV has adapted its transmissions to the innovation which take place in motorsport.

To respond effectively to the demands of our customers, every day SADEV takes great strides to reach the highest quality. In addition, highly qualified partners in a workshop production at the cutting edge of technology, provide a fundamental result.

In addition, SADEV, for the sake of proximity, has established a network of exclusive distributors, not only in Europe but also USA and South America.

Application

- Circuit
- Top Hill Racing

Technical details

- 6 speed dog ring gearbox, with sequential gearing
- Maxi engine torque : 420 N.m (310 lbs/ft)
- Final drive 9x30
- Wide range of gear ratios available
- LSD with a large choice of ramp angles and preload adjustment
- Specific aluminium casings
- Specific clutch shaft
- Splash lubrication
- Reverse cable
- Potentiometer for gear display
- Cut-off system
- Weight : **48 kg**

Options

- Gear display
- Push-pull cable
- Oil pump integrated into the gearbox
- Paddle-shift system
